Storm repair solicitation notice

THE COLONY, Texas — Residents are advised that the city does not endorse any private contractor soliciting storm repair work, and we do NOT send them into the neighborhoods to contact residents.

We encourage anyone with property damage to contact their insurance companies to find reputable service providers.

In addition, solicitors in the city must obtain a permit from The Colony Police Department. Residents are encouraged to contact TCPD on the non-emergency number at 972-625-1887 to report undocumented or suspicious solicitations.
